As Nichole makes her way around and through the garden, she encounters many wonderful discoveries and learns new aspects of life in late summer. Young readers of *Somewhere in the Garden* will identify the ripe fruits, vegetables, and flowers in full bloom, making it easy to learn their names. As there is an initial-sized first letter connecting each fruit, flower, or vegetable to a letter of the alphabet, there is also a story to follow. Nichole is looking for something that her mother needs. Will Nichole find it? Nichole discovers, and readers learn, that sometimes what we search for is closer than we think.

*Somewhere in the Garden*, written and illustrated by Robin Wimbuscus, is an alphabetical excursion, brought to life by delightful garden illustrations that children and parents will enjoy.
